SETTINGS

Adjust camera settings, resolution and more

PLAYBACK*

View your videos and photos on a TV or LCD Touch BacPac™

**Playback only appears when camera is connected to a TV or LCD Touch BacPac (optional accessory, sold separately).*

/ Camera Settings*

TO ADJUST CAMERA SETTINGS:

1. Press the Power/Mode Button [] to cycle to Settings mode [].
2. Press the Shutter/Select Button [] to enter the Settings menu.
3. Press the Power/Mode Button [] to cycle through options.
4. Press the Shutter/Select Button [] to select desired option.

*For a full explanation of camera settings, see the User Manual.

/ Capturing Video + Photos

Press the Shutter/Select Button
[] to start/stop recording or
take a photo.

You can change video and photo
settings in the Settings menu [].

/ Default Video + Photo Settings

DEFAULT VIDEO SETTING: 960P60 FPS

Your camera is set to 960p60 fps, which delivers a large viewing area and smooth footage. It's great for gear- and body-mounted shots.

If you want to experiment with other video settings, you can find more info in the Camera Settings section of the User Manual.

DEFAULT PHOTO SETTING: 10MP

Your camera is set to 10MP resolution, allowing you to capture stunning high-resolution photos.

You can adjust photo resolution in the Settings menu [].

/ Connecting to the GoPro App

The GoPro App lets you control your camera remotely using a smartphone or tablet. Features include full camera control, live preview, playback and sharing of select content and more*.

1. Download the GoPro App to your smartphone or tablet at the Apple App Store, Google Play or Windows Phone marketplace.
2. Press the Power/Mode Button [] to power camera **ON**.
3. Press the Wi-Fi On/Off Button [] twice, then press the Shutter/Select Button [] to enter the **Wi-Fi** menu [].
4. Press the Power/Mode Button [] to cycle to **GoPro App**, then press the Shutter/Select Button [] to select it.
5. In your smartphone or tablet's Wi-Fi settings, connect to the network called "GOPRO-BP" followed by a series of numbers/letters. Enter the password "goprohero"**.
6. Open the GoPro App on your smartphone or tablet.

**For device compatibility, please visit gopro.com.*

***This is the default network name and password. You can customize this if you update your camera software at gopro.com/update.*

/ Playing Back Videos + Photos

There are several ways to play back your videos and view your photos.
